Decision No. 45802

ORIGINAL

BEFORE THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Application of the County of Sacramento to construct a grade crossing of the Sacramento Southern Pacific Company at Antelope.	)	Application No. 32348

O R D E R

Sacramento County is authorized to construct a county road at grade across the main line tracks of Southern Pacific Company near Antelope in that County, at the location described in the application to be identified as Crossing No. A-102.5. Construction expense shall be apportioned in accordance with agreement between applicant and Southern Pacific Company. Applicant shall bear maintenance cost outside of lines two feet outside of rails. Southern Pacific Company shall bear maintenance cost between such lines and that of the protection herein provided. Width of crossing shall be not less than 24 feet and grades of approach not greater than four per cent. Construction shall be equal or superior to Standard No. 2 of G. O. No.72. Protection shall be by two Standard No. 8 crossing signals. (G. O. No. 75-B).

Said crossing is required in a rearrangement of trackage and roads in connection with the construction of a retarder yard by Southern Pacific Company and the county proposes the closing of three nearby existing grade crossings. Therefore, upon completion of the crossing herein authorized, Crossings No. A-102.4, A-102.7 and A-102.8 shall be abandoned and closed.

Within thirty days after completion pursuant to this order, applicant shall so advise the Commission in writing. This authorization shall become void if not exercised within one year unless

time be extended, or if above conditions are not complied with. Authorization may be revoked or modified if public convenience, necessity, or safety so require. The effective date of this order shall be twenty days after the date hereof.

Dated at Los Angeles California, this 5th day of June 1951.
