Dear Team,

The spread of the Coronavirus (COVID-19) continues to evolve in its impact to the country and the world. While this situation is extremely unsettling, your safety and wellbeing, as well as the safety of our customers, is foundational to our company.

As we continue to monitor the situation, we have activated a taskforce team, under the Incident Command Structure, to provide timely and accurate information. Gillian Wright is the current Incident Commander in the oversight of taskforce teams to give you timely information on steps the company is taking to mitigate workforce exposure. Communications will come from the Incident Commander going forward.

Thank you for your diligence and commitment in doing your part to stop the spread of this disease. Our number one goal is to stay safe.

Sincerely,

Bret Lane
Chairman and CEO
