A Message from

**Incident Command Structure (ICS)
Safety Chief**

From: ICS Safety Chief
Chris Bissonette

While we continue to monitor the Coronavirus (COVID-19) situation with local, state and federal health agencies, many schools are closing and more will likely continue to close as the situation changes. We understand known and anticipated school closures could impact your ability to secure care for children as well as your ability to perform your daily job functions. Today we will be sending out a survey to all employees to assess the impact of known and anticipated school closures to determine potential next steps. We ask that you please complete this survey as soon as you can to allow us the ability to accurately assess needs.
