Cell Phone Service Tips

The CPUC has issued a brochure on choosing cell phone service. To get one, call: 1-800-649-7570, or print it off the website: www.calphoneinfo.com. In general:

- Know when, where and how you want to use a cell phone and shop around.
- Understand what you are signing up for and how much it costs.
- Use the trial period to test your service and if necessary, cancel during that time without being charged an early termination fee.
