This image presents the **Existing View** to the east and northeast from **KOP 10** on eastbound Scott Road, just east of El Centro Lane. This view captures a portion of the open, rural residential landscape north of Scott Road. This view also includes the existing wood-pole utility line along the south side of Scott Road. Landscape views to the north through east are open and unobstructed, encompassing the flat valley floor, intermediate ridges and hills, and the prominent, angular form Mount San Jacinto.
