Mr. John Boccio, CPUC, EIR Project Manager
Marian Kadota, Forest Service, EIR Manager
Aspen Environment Group
30423 Canwood St., Suite 215
Agoura Hills, CA 91301

Dear Mr. Boccio and Ms. Kadota:

I am writing to voice my opposition to the CPUC's proposed alternative 5 route to the SCE proposed Antelope Transmission Project of segment 1.

Edison's proposal is a more economically and environmentally prudent approach. The Alternate 5 option would not only depress the property values for many of the homeowners in the area, it will bring humans into closer proximity to electromagnetic fields (EMF's) than Edison's proposal.

While the debate will continue to rage over linkage between EMF's and health issues like Cancer, why take the risk that we may someday find that there is indeed such a causality when the alternative route makes the point moot?

Thank you for your consideration.

Sincerely,

Jeff Gordon
CEO

Out of our minds.
Not off the shelf.
