Email\*: Dear Sir

In response to the installation of a high voltage line & Towers across the back of my property, I would be devastated. I am opposed to not only to the sight of said lines & towers but also to the possible effects of the electro magnetic field on our health. I bought said property because there were no unsightly Towers in view. as opposet to much cheaper parcels around other areas in Leona Valley. In closing I ask one question, how would you like to have high Tension lines and a Tower in (your) back yard?

Sincerely,  
Gary Hoppe
