Joe Brunet

Hybrid Alt proposed.
propose hybrid plan

C.99-1

- ① parallel N15 + EW streets using 100th St
existing right of ways
- ② Would avoid cluster of houses in Leona Valley
- ③ Would avoid National Historic Cochema Ranch +
the delay of doing archeological studies
- ④ after aqueduct would cross out of the alt 5
route and meet the 4/2 routes through
the forest.
- ⑤ Include Tubular Steel Tower / Underground
where topography require mitigation

Response to Comment Set C.99: Carol Brunet

- C.99-1 Please see response to Comment B.7-2 and Comment Set B.7, which address your recommended Hybrid Route Proposal. A number of alternative routes were identified during the Scoping process to avoid the impacts of SCE's proposed Project. See General Response GR-4 regarding the alternatives identification process for the Project.
