I am writing this letter in response to the power lines coming through Leona Valley in Alternative 5 route. I am against this proposal, I have a 10 acre ranch that is open to the public and this could directly affect our business and family. We strive to uphold the beauty of the country setting, the atmosphere and the health & safety of our products that we sell & grow, the hazards of the power lines could have an impact on this. Our family children's health & safety would be affected and we are asking for another route to be placed with these power lines.

Sincerely,
Tony Rhodes & Rhonda Rhodes

Response to Comment Set D.67: Tony and Rhonda Rhodes

- D.67-1 Thank you for submitting your opinion and concerns regarding Alternative 5. They will be shared with the decision-makers who are reviewing the Project and alternatives at the USDA Forest Service and the CPUC. Please see General Response GR-3 regarding EMF health concerns. Also, note that the Draft EIR/EIS identifies numerous adverse visual effects from the proposed Project or the alternatives.
