Dear Mr. Boccio and Ms. Kadota:  
We purchased our home in 1998 in Leona Valley and planted our cherry orchard of approximately 500 trees in 2000. We have a six year old son and twin five year old daughters. Leona Valley is our home, place of business & where we choose for our children to attend school. Please be advised that we oppose the draft EIR/EIS, due to the adverse effects it will have on our community, home & business. We ask that the proposal impacting Leona Valley not be implemented. If you should have additional questions of us, please contact us directly.
