

A. Comments from Public Agencies

Only one public agency provided written comments on the Recirculated Draft EIR during the comment period of July 9, 2008 through August 22, 2008, as listed in Table 3-1. None of the seven comment letters received on the original Draft EIR during the comment period of December 12, 2007 through January 25, 2008 required revisions in light of the new information presented in the Recirculated Draft EIR. Those comments and responses can be found in the original Final EIR (April 2008).
