Subject: Sun Lakes Country Club/SCE Proposed Power Lines

To Nancy Darling or To Whom It May Concern:

As per your recent e-mail, we would also like the SCE proposed power lines to be put underground in our Sun Lakes community. There can be health implications if the lines are put so close to our homes and that concerns us. Please keep us informed as to the outcome.

- C40-1** Your support for the Partial Underground Alternative has been noted. The Environmentally Superior Alternative has been re-evaluated and is identified in the Recirculated Draft EIR, Section E (July, 2008) as the Proposed Project. Please see General Response GR-1 for a discussion regarding the change in determination of the Environmentally Superior Alternative. Please also see original Draft EIR (December 2007) Sections D.7 (Hazards and Hazardous Materials) regarding health concerns.
