concurrence of the State of California, acting by and through

Interior to accept and use donations of property to promote the  
coordination and development of effective programs relating to  
outdoor recreation; and

WHEREAS, Grantor is the owner in fee of certain real  
property, hereinafter described, situate in the County of San  
Mateo, State of California; and

WHEREAS, said real property is presently under the juris-  
diction of the Public Utilities Commission of the City and  
County of San Francisco and is maintained in substantially its  
natural state and is devoted to the following uses, to wit:  
the collection, storage and transmission of water and protection  
of water quality for human consumption; outdoor recreation; and

said land in its present state as open-space land for public  
use and enjoyment; and

1.

WHEREAS, Grantor desires to preserve said real property in its natural condition to the maximum extent possible consistent with the operations and activities carried on and to be carried on by the Grantor, and to limit the use of said property to the uses to which said property is presently devoted in order to discourage conversion of such land to urban use, recognizing that such land has substantial public value as open-space land<sup>and</sup> that the preservation of the land in its present open state constitutes an important physical, social, esthetic and economic asset to the City and County of San Francisco, the County of San Mateo, the State of California and The United States of America; and

WHEREAS, a 4.2 mile section of the adopted route for Interstate Route 280, hereinafter called the Junipero Serra Freeway, traverses Grantor's watershed lands south of Ralston Avenue in close proximity to Upper Crystal Springs Reservoir, and Grantor desires and has requested that said section of the Junipero Serra Freeway be relocated at a greater and safer distance from the reservoir along a ridge route in order to provide the greatest possible degree of protection against contamination and pollution of the reservoir and to preserve the real property in its natural condition to the maximum extent possible.

NOW, THEREFORE, for and in consideration of (a) the foregoing; (b) the relocation of the Junipero Serra Freeway generally along the alignment as shown on Exhibit "A", titled

"Refined Ridge Route, Interstate Freeway 280, Lands of San Francisco Water Department, December 1968", attached hereto and made a part hereof, which alignment is acceptable to and has been approved by Grantor, or farther to the east of said alignment as may be determined by the California Highway Commission; (c) providing points of access for Panoramic Overlook, Vista Point, West Vista Point, Recreation, Cemetery and Administrative Areas and through access to the College Site, which areas are shown on Exhibit "A"; (d) the substantial additional cost to be incurred by Grantee and the State of California incident to said relocation; (e) the State of California having received assurance from Grantor that the right of way for the aforesaid relocation shall be furnished without cost to the State of California as partial consideration for said relocation; and (f) Grantor having received assurance by the Grantee, the State of California, and the County of San Mateo that the restrictions hereinafter imposed shall have no adverse effect whatsoever upon, and shall not be considered by any court or jury in determining, the fair market value of the lands of Grantor which are presently, or may in the future be, the subject of litigation in eminent domain proceedings brought by the Grantee, the State of California or the County of San Mateo, including but not limited to proceedings now pending before the Superior Court of the State of California in and for the County of

San Mateo in Action Nos. 112271, 113072, 113136, 113137, 113798, and 120527 thereof, the Grantor does hereby grant and convey in perpetuity unto The United States of America, an estate, interest and scenic and recreation easement in said real property of the Grantor, of the nature and character and to the extent hereinafter expressed to be and to constitute a servitude upon said real property of the Grantor, which estate, interest, scenic and recreation easement and servitude will result from the covenants and restrictions set out below and hereby imposed upon the use of said property of said Grantor, and to that end and for the purpose of accomplishing the intent of the parties hereto said Grantor covenants on behalf of itself, its successors and assigns with The United States of America, to do and refrain from doing, severally and collectively, upon the Grantor's said property the various acts hereinafter mentioned, it being hereby agreed and expressed that the doing and refraining from said acts, and each thereof, upon said property is and will be for the benefit of the people of the City and County of San Francisco, the County of San Mateo, the State of California and The United States of America and will help preserve the scenic and natural resources of the area in which said real property is located.
