Jeri Beth Zemon

Dear CPUC Commissioners,

I urge you to turn down SDG&E's ~~new~~ proposal for the Sunrise Powerlink.

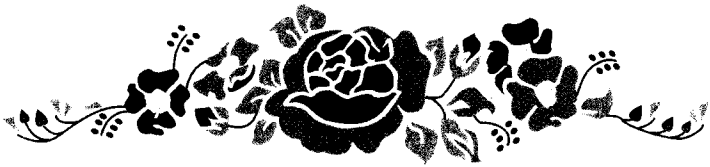

It will ruin the scenic quality of life for San Diego's backcountry.

In particular, SDG&E should not be allowed to use a corridor through Anza-Borrego Desert State Park. Grapevine Canyon has archaeological sites, bighorn sheep habitat and wilderness.

SDG&E should use an alternate route along Highway 8, San Diego

should develop it's own power and conserve more energy.

Please keep the Sunrise Powerlink out of Anza - Borrego Desert State Park forever!

Sincerely,

Ms. Jeri Zemon  
Juzen
