

Michael Clayton & Associates

The **existing view** to the north toward the Pomerado Road to Miramar Area North Alternative eastern cable pole location. This view is from Rose Garden Court, just south of the intersection with Hideway Lane in the Mill Creek residential development. The east cable pole would be located on a remnant of an old road, about 15 feet below the grade of present day Pomerado Road (located just beyond the white fence along the bluff above Mill Creek). To the west of the cable pole location (on Pomerado Road) is the Scripps Legacy residential development.
