RE: Sunrise Powerlink

Dear CPUC / BLM

My name is Stacey Landfield. I would like to say that I am vehemently opposed to the Sunrise Powerlink. This project is outdated as of 10 years ago. If you take a look around the human race is annihilating itself with over consumption. We need to stop doing the same thing over and over and expecting different results. Solar and wind power is the answer. As we all know (even though SDGE would try to deceive us) the Sunrise Powerlink will do nothing to help us evolve towards self sufficiency. The Sunrise Powerlink will only transport more dirty fuel. To say nothing of it scarring San Diego's last wilderness, being a fire threat and taking peoples land from them Just Say No to SDGE's unwanted and unneeded project.

Sincerely

A handwritten signature in cursive script that reads "Stacey Landfield". The signature is written in black ink and is positioned below the typed name "Stacey Landfield".
