

Bear CPUC,

PLEASE CONSIDER OPTIONS FOR THE SUNRISE POWER LINK THAT GENERATE POWER LOCALLY WITHOUT STRINGING HUGE POWERLINES ALL OVER OUR BEAUTIFUL BACKCOUNTRY.

THE LATEST ROUND OF COMMENTS CONCERNS THE SOUTHERN ROUTE OPTION. I HAVE HIKEED IN A PLACE CALLED PAT'S CANYON AND BARBER MT ROAD, OR FOREST ROUTE 51011, AND IT IS BEAUTIFUL. THIS LINE WOULD SCRAPE IT UP AND SEND SILT INTO BARRET LAKE.

THIS IS A BEAUTIFUL

TRAIL ALONG A CREEK
THROUGH LARGE OAKS
AND UP TO ONE OF THE
FEW PROMONTORIES WHERE
THE PUBLIC CAN EASILY SEE
A SPECTACULAR VIEW OF
BARRET LAKE. ALSO,
AT THIS SPOT WE CALL
"THE KITCHEN" IS A ROCK
DOME WITH SEVERAL
MORTEROS NEXT TO A
SMALL WATERFALL. INDIAN
WOMEN SAT HERE FOR CENTURIES
PREPARING FOOD AND LOOKING
OUT ACROSS TO ECHO MT
WAITING FOR THEIR WARRIORS
TO COME HOME. IT IS A
MAGICAL PLACE AND
SHOULD ALWAYS BE

CHERISHED, WE CAN FIND
OTHER SOLUTIONS TO MEET
OUR ENERGY NEEDS.

THANK YOU!

SINCERELY
