

March 14, 2011

I. REPRESENTATIVES, LOCATIONS AND DATES

LINK 1: Rough Acres, Jacumba, McCain Valley and Imperial Valley Substation

- Daniel Mason of the Campo Band served as monitor for towers EP219 on March 7.
- Andrea Najera of the Campo Band of Mission Indians served as monitor at EP210-217 and EP243-244 on March 7-8 and 10-11.
- Carlos Quevedo, Campo Band, served as monitor at the Rough Acres Bullpen on March 11 and 12.
- Albert Quihuis, Campo Band, served as monitor for the Rough Acres Bullpen from March 7-10 and at EP208-214 on March 11.
- Ethian Thomas, Cocopah, served as monitor at the Imperial Valley Substation from March 7-11. His reports have yet to be received.

LINK 2: Bartlett & Kreutzkamp Yards

- Daniel Mason of the Campo Band served as monitor for the Bartlett Yard on March 9 and 10.
- Eduardo Mercado of La Popsta served as monitor at the Kreutzkamp Yard on March 11 and 12.

LINK 3: Suncrest Substation

- Jesse Pinto Sr. of the Jamul Band served as monitor from March 7-12.

LINK 4: Alpine Underground Substation; Alpine Boulevard; Alpine Bullpen

- Clarence Brown of the Viejas Band served as monitor for March 7-10.
- Frank Brown, Viejas Band, served as monitor for March 7-11.
- Dave Elliott Jr., Kumeyaay Descendent, served as monitor for the Underground on March 8, 10 and 11.
- Carlos Quevedo, Campo, served as monitor for the Underground on March 9.
- Veronica Santos of the Manzanita Band served as monitor at the Alpine bullpen from March 7-11.
- Larry Sutton, Viejas, monitored for Vault 9 on the Underground on March 12.

LINK 5: Tierra Santa location

- Dan Mason, Campo, served as monitor at a location in Tierra Santa, off of Clairemont Mesa Boulevard on March 11.

II. CONSTRUCTION ACTIVITIES

LINK 1: Rough Acres, Jacumba, McCain Valley and Imperial Valley Substation

Ms. Najera reported driveway cutting and compaction and installation of swaddles.

LINK 2: Bartlett & Kreutzkamp Yards

Construction activities this period consisted of surface grading and earth-moving activities using a skip loader as well as trenching and erosion control.

LINK 3: Suncrest Substation

Mr. Pinto reports heavy machinery including bulldozers, as well as drilling, grading, blasting, moving rock and boulders, and scraping.

LINK 4: Alpine Underground Substation; Alpine Boulevard; Alpine Bullpen

Ms. Santos reported no construction activity at the Alpine bullpen. Mr. Quevedo noted backhoe excavations to a depth of 16 feet on March 9. Vault digging, excavating and trenching was also noted as activities occurring along the Underground.

LINK 5: Sycamore Canyon

Work requiring monitors was cancelled at this location.

III. OBSERVATIONS

LINK 1: Rough Acres, Jacumba, McCain Valley and Imperial Valley Substation

No artifacts reported at this time.

LINK 2: Bartlett & Kreutzkamp Yards

No cultural resources observed.

LINK 3: Suncrest Substation

On March 7, Mr. Pinto reported activity near but not on site CA-SDI-9036. Because of heavy rain, visibility remained poor. On March 8 he noted a few artifacts. He and Lucas noted a few more artifacts on March 9 and a few more on March 10 in wet ground conditions. On March 12, monitors found a few artifacts and some bone.

LINK 4: Alpine Underground Substation; Alpine Boulevard; Alpine Bullpen

No cultural resources observed.

LINK 5: Sycamore Canyon

No cultural resources observed.

IV. CONCERNS EXPRESSED

LINK 1: Rough Acres, Jacumba, McCain Valley and Imperial Valley Substation

No concerns expressed this week from representatives at this link.

LINK 2: Bartlett & Kreutzkamp Yards

No concerns expressed this week from representatives at this link.

LINK 3: Suncrest Substation

At the beginning of the week, Mr. Pinto noted poor field conditions due to rain and wet ground, questioning whether they needed to be there or not. On the 9th he noted that work around CA-SDI-9036 is nearly complete. Muddy conditions continue. He noted some blasting in the area.

LINK 4: Alpine Underground Substation; Alpine Boulevard; Alpine Bullpen

Mr. Elliott notes on March 8th that no additional monitor was manning the Bullpen and that person was required due to additional monitoring that occurred.

It should be noted that there was a monitor, Veronica Santos, at the Alpine Bullpen on this date.

LINK 5: Sycamore Canyon

No concerns expressed at this time.

V. SUMMARY

The project continues with few resources being observed at this point in time. The main concern comes from Link 3's Suncrest Substation and site CA-SDI-9036 which seems to be coming to a close in terms of construction efforts.

VI. SUMMARY PREPARER

Hillary Murphy, Project Archaeologist, Tierra Environmental Services, Inc.
Joseph M. Nixon, Senior Anthropologist, Tierra Environmental Services, Inc.

The Elliott's are not recognized members of the Manzanita Tribe as is stated on some of their reports. This is direction from the Manzanita Tribal Council. I have expressed to the Elliotts that they cannot write that they represent Manzanita on these forms in the past. As a result I have listed them as Kumeyaay descendants. HM
