The following activities took place during the past week of construction; drilling at the Plaster City Yard, stringing wire, setting poles, backhoe excavation and watering, drilling, jackhammer work, blasting, watering, and brush clearing. The use of water trucks, grading, wire pulling, jackhammering, brush cutting, back-hoeing, the use of cranes and forklifts, boulder-busting, vegetation clearing, mechanical digging.

LINK 2: Bartlett-Hauser Yard

Drilling, watering, and backhoe excavations were observed this week.

LINK 3: Suncrest Substation

No monitors required at this location for this week.

LINK 4: Alpine Underground

Trenching was observed throughout the week.

LINK 5: Various Locations

No monitors required at this location for this week.

III. OBSERVATIONS

LINK 1: Plaster City and Ocotillo Desert Region

A single potsherd was found and collected. Cultural resources were identified in areas beyond the APE. Cultural resources were identified within the APR but indicated no disposition. Low density ceramic scatter was also identified.

Ceramic artifacts and bone (unknown nature) were identified outside of the right-of-way.

LINK 2: Bartlett-Hauser Yard

No cultural material noted this week.

LINK 3: Suncrest Substation

No monitors required at this location for this week.

LINK 4: Alpine Underground

Mr. Brown noted spot checking at several locations.

LINK 5: Various Locations

No monitors required at this location for this week.

IV. CONCERNS EXPRESSED

LINK 1: Plaster City and Ocotillo Desert Region

A concern was raised that pertains to the traffic of helicopters and pedestrians through a site. It was felt that designated landing/ walking zones be identified more clearly.

A concern was raised about the integrity of a nearby water source.

LINK 2: Bartlett-Hauser Yard

No concerns expressed this week.

LINK 3: Suncrest Substation

Native American Representative Summary Report
