Dear Commissioner Grueneich,

We have learned that there is an alternative route proposed for the Sunrise Power link which would come through Potrero (the Southwest Alternative).

We would like to know why Potrero was not included in the scoping process?

This is a project which would have a big impact on our community and we feel very strongly that we *should* have been included in the scoping process.

We look forward to hearing from you.

Sincerely,

Barbara Chamberlain, Chairman
