

The **existing view** to the northwest from Key Viewpoint 4 within a residential development along Painted Trails. This view encompasses the existing M2-P4 (closest), M2-P5, and M2-P6 66 kV tower locations and the span to the south over SR 241. The M2-P4 structure would be eliminated and the M2-P5 and M2-P6 single-pole structures would be replaced with the corresponding double-pole H-Frame 66 kV towers HF-11 and HF-12
