DATA REQUEST SET A.13-10-020 WODUP ED-SCE-01

To: ENERGY DIVISION
Prepared by: Scott Lacy, P.E.
Title: Project Engineer
Dated: 02/21/2014

Question G-01:

Geology and Soils

G-1 Based on our meeting on February 19, 2014, SCE indicated that a geotechnical report is currently underway based on 146 borings that were performed in fall 2013. Please provide the geotechnical report when it is available (estimated in April 2014 in the meeting).

Response to Question G-01:

SCE will provide the geotechnical report as soon as it is completed. SCE staff is currently working with the geotechnical consultant to obtain a more firm delivery date for that report and will update CPUC/Aspen at an upcoming bi-weekly status meeting whenever that information is available.
