

This image presents the **Existing View** to the south from **KOP 14**, at the **Pacific Crest Trail (PCT) Parking Lot**, north of Haugen-Lehman Way and the residential community of White Water. This view encompasses a portion of the Segment 6 ROW that would span the PCT as it passes through White Water, approximately one mile south of the PCT parking lot and KOP 14. The PCT would pass through the western portion of the community before crossing under I-10, turning east, and then south toward Mount San Jacinto.
