Comments: 我反对在PGE在EGBERT
AVE建设配电站, 非常担心
电磁场, 电压对人体造成不良
影响, 因为这里是人口稠密的
住宅区, 希望不要在这里兴建。

Comments: I object to ~~the project~~ setting up
a switching station at Egbert Ave,
I am seriously worried ^{that} the EMF and voltage
will have adverse effect on human bodies.
Because the ~~area~~ neighborhood is densely
populated, I wish not to build the
~~the~~ project here.

配電站 我感覺不安, 因為電
磁場對人體健康有影響。
太近住尾區有副射。

I object to having the Egbert Switch
station built in our neighborhood. I feel
worried because the EMF will affect people's
health if they live close-by.

我反对在 Egbert AVE 配电站。因为我在这里开托儿所。我的托儿所年龄 0 至 4 岁。可能会造成孩子健康问题。而且我们这里是一个住宅区。

I oppose to building the Egbert Switching Station because I operate a family childcare center within a short distance. My children I take care are between 0 and 4 years' old, who maybe whose health can be negatively impacted. Also, this is a residential area!

I oppose to building the Egbert Switching Station because its location is
too close to residential area. Electric magnetic field can be detrimental
to health of human beings. I don't want to see it built here.
Please instead build it in areas that are sparsely populated.

Comments: Looks well planned out and they
seem to have plans to mitigate inconvenience
during construction. Should be an improvement
to the neighborhood over what is there
now. Hope it goes forward. Great
building design.
