SDGE-ED-014: Q 1

Biological Resources

1. Please provide a copy of the jurisdictional delineation report that was prepared for the ECO Substation project.

SDG& Response to Question 1:

The Preliminary Jurisdictional Determination Report was submitted to the U.S. Army Corp of Engineers on October 29, 2010. Due to the file size, the Preliminary Jurisdictional Determination Report has been uploaded to Insignia's ftp site and is ready for Dudek to download. A hard copy will also be hand-delivered to Dudek's office. Due to the size, Attachments B&C will be provided on a CD-ROM.
