

*Southern California Edison*  
**Valley-Ivyglen 115 kV Subtransmission Line Project & Fogarty Substation Project**  
**A.07-01-031, A.07-04-028**

**DATA REQUEST SET Valley-Ivyglen, Fogarty Energy Division-Attachment A**

**To: ENERGY DIVISION**  
**Prepared by: Robert Benton**  
**Title: Technical Spl.**  
**Dated: 10/01/2007**

---

**Question PD-1:**

Elevation of the Fogarty Substation. Although there is a good description in the text of the project description, an elevation of the substation or a typical elevation would facilitate the visual analysis.

**Response to Question PD-1:**

In addition to the visual simulation photographs that appear in Section 4, "Environmental Impact Assessment" of the Fogarty PEA (specifically, Figures 4.1-5, 4.1-6, and 4.1-7, that appear on PEA pages 4.1-15 thru 4.1-19), SCE believes the attached documents (Exhibits A through H, containing typical physical elevation drawings) will help facilitate the CPUC's visual analysis
