Question PD-2:

Please provide a map that indicates the length and location of segments of transmission line that will be built on new rights-of-way as opposed to existing rights-of-way.

Response to Question PD-2:

Attached is a map that indicates the length and location of segments of subtransmission line that will require new or upgraded rights-of-way (ROW) for the proposed Valley-Ivyglen 115 kV subtransmission line. Also included as an attachment is a matrix (in Excel Spreadsheet form) of Keypoint Information for each identified segment.
