Subject: Olinda Underserved Broadband Project

Hi Gail,

Please see the attached memo describing CPUC's review, findings, and recommendations to address CDFW's comment regarding a vernal pool location identified in proximity of a segment of the proposed Olinda Underserved Broadband Project underground telecom route.

Please let me know if you have any questions.

Thank you

Gail,

Our GIS specialist reviewed the information received from TDS Telecom last Friday and unfortunately the email attachments contains a map document file (*.mxd) that cannot be used for review.

Please provide the proposed adjustment to the bore location in shapefile format.

Thank you,

Silvia Yanez, Project Manager, Ecology and Environment, Inc.

Great. Thank you for the response. I will let you know if we have any additional questions/comments.

Thanks
Connie
