RE: OPPOSITION TO SE-PLR-2, TEMPLETON / SO. RIVER ROUTE ALTERNATIVE

Dear Dr. Engels,

Fire and earthquakes are a California nightmare. PG&E has a terrible record when it comes to fire safety. We have done everything possible at Santa Ysabel Ranch to be fire safe WITHIN the ranch. One of the conditions imposed by the county for this development was to require all utility lines to be placed underground. We believe that placing power lines along South River road substantially increases the danger for Fire to our residences and urge you to abandon that idea, with our safety in mind.
