Dear Mathew, Andy, and team,

Complete responses to the attached data requests are required for us to complete our screening of alternatives. Full responses are requested within two weeks (**due 11/21/18**). We realize that some of the requests may take more time. Please set up a meeting with us prior to 11/21/18 for any clarifications that may be needed and to discuss your response schedule if different than as requested in this email.

In addition, we will request additional design and environmental details about alternatives that we plan to carry forward for full analysis in the Draft EIR. We will not be able to make these requests, however, until we have reviewed your complete and thorough responses to the attached.

We are available to meet as follows, if needed. Let us know if you would like to talk sooner, and I'll check with the team.

- 11/15 afternoon
- 11/16 between 9am & 11am

Regards,

Rob
