Re: Fulton-Fitch Mountain Reconductoring Project (A.15-12-005)
Response to Deficiency Report #3

Dear Ms. Orsaba:

Thank you for meeting with the PG&E team on April 13, 2016. As we discussed, enclosed is a memorandum prepared by PG&E's team cultural expert explaining that P-49-001179 (CA-SON-1256) is eligible for listing on the California Register of Historic Resources. It proposes a revised APM and impact discussion. Because the memorandum assesses a sensitive cultural resource, we are submitting it pursuant to Public Utilities Code Section 583, and the memorandum (but not the proposed revisions) must remain confidential unless you are notified otherwise by PG&E.

Please let me know if you have any questions.

Very truly yours,

JO LYNN LAMBERT
Attorney for Pacific Gas and Electric Company
