

**APPENDIX I
TEMPORARY EXTRA WORKSPACE (TEWS) REQUEST FORM**

Project Name		TEWS Request #	
Sycamore to Penasquitos 230 kV Transmission Line Project (Project)		1	
Date Submitted:	Requested Approval Date:	Start Date:	Expected End Date:
6/29/17	7/5/17	6/27/17	8/31/17
Submitted by:	Organization and Title:	Duration and Work Hours:	
Jennifer Kaminsky	SDG&E Environmental Project Manager	The area would be used as a staging area that would be established for up to 60 days.	
Location(s): (Describe applicable location(s), address, and/or dimensions)			
The proposed Temporary Extra Work Space (TEWS) is owned by the City of San Diego and is located at the southwest corner of the intersection at Pomerado Road and Avenue of Nations (Attachment 1). The proposed TEWS is approximately 0.02 acres of compacted dirt and measures approximately 23 x 75 feet. No site preparation is required.			
Proposed Use of Site			
This proposed TEWS is requested as a result of the City of San Diego not approving overnight staging of heavy equipment (i.e, excavator, forklift, traffic barricades, etc.) along Pomerado Road; however the City of San Diego Resident Engineer has identified and approved this proposed TEWS area as an alternate staging area and has been marked up on the Traffic Control Permit in the field. Following completion of work for the day, off-road equipment will be staged in this proposed TEWS until work begins the next day. No ground disturbing work would occur within the proposed TEWS and the use of the proposed TEWS would not result in new impacts and/or would not increase the severity of a previously identified impact on biological resources as identified in the FEIR.			
Current and Adjacent Land Uses:			
The proposed TEWS is currently located within a City of San Diego right-of-way and consists of disturbed ornamental\developed area which is primarily compacted dirt. Adjacent land uses include Pomerado Road and multi-unit family housing to the north, Avenue of Nations to the east, and eucalyptus woodland to the south.			
Expected Condition of the Site After Use			
The proposed TEWS would be returned to pre-use conditions at the end of the 60 day period.			

Complete the Checklist below. Note: "No" answers to numbers 1 and 2, and/or "Yes" answers to numbers 3 and 4 are cause for denial.

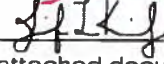

Checklist	Yes	No
1. Does SDG&E have permission of the applicable land owner?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
2. Is the TEWS located in a previously disturbed area?	<input checked="" type="checkbox"/>	<input type="checkbox"/>
3. Are there sensitive resources or land uses onsite, or within proximity of the proposed work space that would be impacted by the work?	<input type="checkbox"/>	<input checked="" type="checkbox"/>
4. Will use of the TEWS result in any significant environmental impacts?	<input type="checkbox"/>	<input checked="" type="checkbox"/>

**APPENDIX I
TEMPORARY EXTRA WORKSPACE (TEWS) REQUEST FORM**

Standard Conditions of Approval

- The CPUC, via its designated Monitoring Supervisor, will review and approve/deny the TEWS request within four business days of receiving this completed form.
- Use of TEWS is limited to 60 days.
- Use of TEWS shall be in compliance with local ordinances (including traffic/noise) and mitigation measures.
- If any signs of cultural resources are identified, work shall cease immediately and the site shall be reevaluated.
- The proposed site shall not be used for storage of fuel or hazardous materials.
- All drips, leaks, and/or spills from vehicles and/or equipment shall be cleaned-up immediately and disposed of in appropriate, labeled containers.
- Adjacent streets shall be swept or cleaned with water at the end of each workday if visible soil material is carried on them.
- No parking or storage of vehicles (including personnel vehicles), equipment, pipe, or any other project-related item shall be allowed on adjacent roadways.
- If a complaint is received, it shall be forwarded to the SDG&E Compliance Manager, and the CPUC for review.

The following signatures indicate that the proposed site is approved for TEWS. On a random basis, a CPUC Environmental Monitor will verify that use of the proposed site is in accordance with the conditions noted. This approval may be revoked at any time by any one of the approval team. Failure to comply with all conditions will result in immediate revocation of this TEWS approval.

Endo

The City approves of you placing the construction equipment on the corner of Pomerado Rd and Avenue of Nations which is within the City's right away behind the curb and gutter on the Southwest Corner of Pomerado and Avenue of Nations , Steel plates must be set prior to placing any equipment in this area , please place some lighted barricades behind the curb and gutter and around the equipment, the City understands that any damaged caused by the equipment being stored there will be replaced or repaired when this area is no longer being used. If you have any questions please feel free to contact me or my Supervisor.

Wayne
