**CPSD Gas Transmission System Records Investigation 11-02-016  
Data Response 004**

Recipient:	PG&E		
PG&E Data Request No.:	PGE-CPUC_004		
PG&E File Name:	GasTransmissionSystemRecordsOII_DR_PGE_CPUC_004_Response		
Request Date:	March 29, 2012	Submission Date:	April 12, 2012

Q 37 Regarding page 35, please identify all regulatory requirements, interpretations, and guidance documents issued by the CPUC or PHMSA between 1955 and 2010 that require(d) an operator of a natural gas transmission pipeline to retain weld maps.

A 37 Ms Felts did not state in her testimony that an operator is required to retain weld maps for any specific length of time.
