ORDER DENYING REHEARING

On March 29, 1924, this Commission rendered its Decision No. 13,339 in the above entitled application, which decision granted to the Hodge Transportation System, a corporation, a certificate of public convenience and necessity authorizing it to transport certain additional commodities solely over the routes covered by certificates at the present time held by said corporation. On April 10, 1924, a petition for rehearing was filed on behalf of the Triangle and Orange County Express, one of the protestants.

After full consideration of each and every allegation as set forth by petitioner, and each and every reason as set forth and claimed as grounds upon which a rehearing or reconsideration of said Decision No. 13,339 should be granted, the Commission is of the opinion that said petition does not set forth any material grounds for reconsideration or rehearing of its above-numbered decision;

Therefore, good cause appearing,

IT IS HEREBY ORDERED that the petition for rehearing

filed on behalf of Triangle & Orange County Express Co., and  
the same is hereby denied.

Dated at San Francisco, California, this 17th day of  
April, 1924.
