In the Matter of the Application)
of PACIFIC ELECTRIC RAILWAY)
COMPANY for authority to abandon)

on its Glendale Line.)

Application No. 10084

BY THE COMMISSION.

O R D E R

PACIFIC ELECTRIC RAILWAY COMPANY, a corporation,
has petitioned the Railroad Commission for an order authorizing
the abandonment and removal of a freight platform located at Mountain
Street, Glendale, on its Glendale Line, the location being more
particularly shown on a blue print map marked "C.E.H.7833" as attached
to the application herein.

Applicant alleges that the freight platform herein pro-
posed to be abandoned is no longer useful for the business of
applicant; that the territory adjacent to the platform has developed
into a residential district and that there is now no demand for
freight service; that no freight has been shipped from or received
at this point for a period of over two years; that the platform
is located at the end of the line and in a position where it
obstructs the view of the public using Brand Boulevard and Mountain
Street; that the Chamber of Commerce of the City of Glendale has

requested the removal of the platform in order that the view of the users of the above highways may be unobstructed; and that there are no deed restrictions, conditions or agreements requiring the continued maintenance of a freight platform at this location.

We are of the opinion that this is a matter in which a public hearing is not necessary and that the application should be granted.

IT IS HEREBY ORDERED that this application be and the same hereby is granted.

Dated at San Francisco, California, this 29th day of May, 1924.
