BY THE COMMISSION,

ORDER

In this proceeding Virgil N. Sams applies for
a certificate of public convenience and necessity authorizing
the operation of an automotive stage service as a common car-
rior of passengers, baggage and express between Holtville and
Yuma Bridge, California.

Applicant sets forth as justification for the
granting of the certificate sought the allegation that on
June 5, 1923 he entered into an agreement with one Bland under
which agreement he was to receive a one-half interest in the
Bland operative right between Holtville and Yuma Bridge after
one year provided that he conducted and operated such service
under the Bland certificate at his own expense.

Under Decision Number 13568 in Case Number 1972
in an Order to Show Cause Why the Certificate of A. B. Bland
Should Not be Revoked, the Commission found that after the
granting of said certificate to operate between Holtville and
Yuma Bridge to said Bland that Bland turned such operative

right over to Virgil N. Sams who thereafter operated the stage service taking all receipts and standing all expenses involved in such operation, the entire conduct and operation thereunder being in violation of the law and rules and regulations of the Railroad Commission governing the operation of common carrier stage lines.

In view of the foregoing, we are of the opinion that no good reason exists why a public hearing should be held in the above entitled application and that the same should not be denied, and

Good cause appearing,

IT IS HEREBY ORDERED that the above entitled application be, and the same hereby is denied.

Dated at San Francisco, California, this 12th day of June, 1924.
