CRIGINAL

Application No. 10211

BY THE COMMISSION:

ORDER

This is a proceeding in which Hans P. Skov asks for authority to transfer to Raymond J. Hearne an operative right under which Skov has been conducting an automotive freight service between San Luis Obispo and Pismo and intermediate points. In an amendment to the application authority is asked to put into effect the tariff filed by Hearne, who is an authorized operator serving the same points as Skov. The Hearno tariff is more comprehensive than that filed by Skov, and the substitution, therefore, even though in a few instances the Hearne rates are slightly higher than Skov's, will be beneficial to the shippers.

The operative right to be transferred was established prior to May 1, 1917, a fact determined by the Commission in its findings in Case No. 1735.

The consideration to be paid for the property herein proposed to be transferred is the sum of \$3,500.00, of which sum \$200.00 is named as the value of the operative right and \$3300.00 the value of equipment.

We believe that this application should be granted and that it is not a matter in which a public hearing should be held.

IT IS HEREBY ORDERED that the above entitled application be, and the same hereby is granted, subject to the following conditions:

- l. The consideration to be paid for the property herein authorized transforred may not be urged before this Commission or any other rate fixing body as a measure of value of said property for rate fixing or any purpose other than the transfer herein authorized.
- 2. Applicant Skov shall immediately cancel tariff of rates and time schedules on file with the Commission covering service, certificate for which is authorized transferred herein. Such cancellation to be in accordance with the provisions of General Order No. 51.
- 3. The rights and privileges herein authorized transferred may not be discontinued, sold, leased, transferred nor assigned unless the written consent of the Railroad Commission has first been secured.
- 4. No vehicle may be operated by applicant Hearne unless such vehicle is owned or is leased under a contract or agreement on a basis satisfactory to the Railroad Commission.

Dated at San Francisco, California, this 6 tay of September, 1924.
