Decision No. 15203.

ORIGINAL

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
PACIFIC ELECTRIC RAILWAY COMPANY for)
authority to remove freight shed at) Application No.11456
Michigan Avenue on its Santa Ana Line.)

BY THE COMMISSION -

OPINION AND ORDER

Pacific Electric Railway Company, a corporation, has petitioned the Railroad Commission for an order authorizing the abandonment and removal of a freight shed as heretofore maintained at the non-agency station of Michigan Avenue on its Santa Ana Line on the Southern Division.

Applicant alleges that the freight shed was originally erected for the purpose of caring for less than carload freight shipments, principally the loading of milk shipments; that such freight movement no longer exists and that there has been no freight movement from Michigan Avenue Station for the year last past; and that there is no public necessity for the continued maintenance of a freight station at such point. The location of the freight station herein proposed to be abandoned is more fully shown in yellow color on a blue print map marked "C.E.H. 8979" as attached to and forming a part of the application herein.

We are of the opinion that this is a matter in which a public hearing is not necessary and that the application should be granted.

IT IS HEREBY ORDERED that applicant, Pacific Electric Railway Company, a corporation, be and the same hereby is authorized to abandon and remove its freight station at the non-agency station of Michigan Avenue on the Santa Ana Line of its Southern Division.

Dated at San Francisco, California, this 22nd day of July, 1925.
