OPINION and ORDER

C. B. Locklin has petitioned the Railroad Commission for authority to sell and transfer to R. W. Rogers an operating right for the transportation of freight between Sacramento and Vallejo, and R. W. Rogers has applied for authority to purchase and acquire said operating right and to hereafter operate thereunder, the sale and transfer to be in accordance with the terms of an agreement marked Exhibit "A", which exhibit is attached to the application herein and made a part thereof.

The consideration to be paid for the property herein proposed to be transferred is given as \$2500, of which sum \$500 is said to represent the value of certain terminal equipment and \$2000 is named as the value of the operating right.

The operating right in question was granted to C.B. Locklin by the Railroad Commission in its Decision No. 15142, dated July 3, 1925, and issued on Application No. 10963. The certificate granted to Locklin authorizes the establishment of an automobile truck line as a

common carrier of property between Sacramento and Vallejo and intermediate points, excluding Davis and all points between Davis and Sacramento, via Davis, Dixon, Vacaville, Suisun, Fairfield and Cordelia.

We are of the opinion that this is a matter in which a public hearing is not necessary and that the application should be granted.

174

IT IS HEREBY ORDERED that the above entitled application be and the same hereby is granted, subject to the following conditions:

- 1- The consideration to be paid for the property herein authorized to be transferred shall never be urged before this Commission or any other rate fixing body as a measure of value of said property for rate fixing, or any purpose other than the transfer herein authorized.
- 2- Applicant Locklin shall immediately cancel tariff of rates and time schedules on file with the Commission covering service, certificate for which is herein authorized to be transferred, Such cancellation to be in accordance with the provisions of General Order No.51.
- 3- Applicant Rogers shall immediately file, in duplicate, tariffs of rates and time schedules or adopt as his own the tariff of rates and time schedules for said service as heretofore filed by applicant Locklin. All tariff of rates and time schedules to be identical with those as filed by applicant Locklin.
- 4- The rights and privileges herein authorized may not be sold, leased, transferred nor assigned, nor service thereunder discontinued, unless the written consent of the Railroad Commission to such sale, lease, transfer, assignment or discontinuance has first been secured.
- 5- No vehicle may be operated by applicant Rogers unless such vehicle is owned by said applicant or is leased under a contract or agreement on a basis satisfactory to the Railroad Commission.

January, 1926.
