Application No. 7228

BY THE COMMISSION:

FIRST SUPPLEMENTAL ORDER

The Commission by its order in Decision No. 9948 dated December 29, 1921, (vol. 21, Opinions and Orders of the Railroad Commission of California, page 45) directed the Coronado Water Company to file with the Commission on or before the last day of each month a complete statement of revenues, operating expenses and water deliveries for the preceding month. On May 29, 1922, the Commission approved its General Order No. 65 effective July 1, 1922, which requires public utilities whose operating revenues are in excess of \$50,000. per annum to file with the Railroad Commission a copy of each statement, prepared in the ordinary course of business either monthly or for other definite period, which show, among other things, the operating results for the period, and the financial condition at the close of such period. The Coronado Water Company has been filing monthly reports pursuant to the Commission's General Order No. 65, which reports

contain the information which the Commission directed the company to file by Decision No. 9948. In as much as the information which the company is directed to file by the order in Decision No. 9948 is contained in the monthly reports filed by the company pursuant to the Commission's General Order No. 65, the Commission is of the opinion that its order in Decision No. 9948 should be modified as herein provided, therefore:

IT IS HEREBY ORDERED that the provision of the order in Decision No. 9948 dated December 29, 1921, reading:

"It is hereby ordered that Coronado Water Company be, and it is hereby, directed to file with this Commission on or before the last day of each month a complete statement of revenues, operating expenses and water deliveries for the preceding month"

be, and the same is hereby, vacated and set aside.

DATED at San Francisco, California, this 14<sup>th</sup> day of May, 1926.
