BY THE COMMISSION -

ORDER OF DISMISSAL

L. W. Kelley, doing business under the name and style of  
 Kelley Trucking Company, has petitioned the Railroad Commission  
 for an order declaring that public convenience and necessity require  
 the operation by him of an auto trucking service in an area covering  
 a large part of the San Joaquin Valley, and between valley points  
 and other parts of the state.

A public hearing was conducted by Examiner Austin at Fresno  
 and the matter temporarily removed from the calendar following a  
 decision (No. 15618) by the Railroad Commission in the matter of the  
 application of Ben Moore for a certificate of public convenience

and necessity, in which decision the Commission held that it had no certificating jurisdiction over any auto transportation service other than a service between fixed points or over a regular route.

Theodore M. Stuart, Attorney for the applicant herein, after having been granted an extension of time to enable him to determine whether he would amend the application herein so as to propose a service between fixed points or over a regular route, requested the Railroad Commission under date of April 28, 1926, to dismiss said application without prejudice.

Now, therefore, good cause appearing,

IT IS HEREBY ORDERED that this application be and the same hereby is dismissed without prejudice.

Dated at San Francisco, California, this 5<sup>th</sup> day of June, 1926.
