

Decision No. 16947

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA

In the Matter of the Application of)
PACIFIC ELECTRIC RAILWAY COMPANY for)
authority to remove freight shed at) Application No. 12942
Hansen Station on its Santa Ana Line.)

BY THE COMMISSION -

OPINION and ORDER

Pacific Electric Railway Company, a corporation, has petitioned the Railroad Commission for an order authorizing the abandonment and removal of a freight shed located at Hansen Station on the Santa Ana Line of its Southern Division in Orange County, the location of said freight station being more fully shown in yellow color on a blueprint map marked "C.E.H. 9824" as attached to and forming a part of the application herein.

Applicant alleges that the freight station herein proposed to be abandoned was erected for the handling of less than carload freight shipments, principally milk shipments; that milk shipments are no longer made and that the total revenue derived from less than carload freight shipments during the calendar years 1923 to 1925, inclusive, amounted to but \$61.78.

Applicant further alleges that a resident located near the station has requested its removal and in consideration of such request and the limited use made of the facility, applicant is of the opinion that there is no further necessity for the maintenance of the freight shed.

We are of the opinion that this is a matter in which a public hearing is not necessary and that the application should be granted.

IT IS HEREBY ORDERED that applicant, Pacific Electric Railway Company, a corporation, be and the same hereby is authorized to discontinue the maintenance of a freight shed at its non-agency station of Hansen on the Santa Ana Line of its Southern Division

in Orange County, said freight station being more fully shown in yellow color on a blueprint map marked "C.E.H. 9824" as attached to and forming a part of the application herein; provided, however, that the authority hereby conveyed does not authorize the discontinuance of the non-agency station for the receiving and forwarding of less than carload freight as heretofore maintained by applicant at this station.

Dated at San Francisco, California, this 17th day of June, 1926.

H. B. Roundige
