Decision No. 17933

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the matter of application of SOUTHERN PACIFIC COMPANY for an order authorizing the construction at grade of a side track across Cattlemen's Lane, in the City of Salinas, County of Monterey, State of California.

Application No. 13468.

BY THE COMMISSION:

O R D E R

Southern Pacific Company, a corporation, filed the above entitled application with this Commission on the 13th day of January, 1927, asking for authority to construct a side track at grade across Cattlemen's Lane in the City of Salinas, County of Monterey, State of California, as hereinafter set forth. The necessary franchise or permit (permit dated December 23, 1926,) has been granted by the City Council of said City for the construction of said crossing at grade. It appears to this Commission that the present proceeding is not one in which a public hearing is necessary; that it is neither reasonable nor practicable at this time to provide a grade separation or to avoid a grade crossing at the point mentioned in this application with said Cattlemen's Lane, and that this application should be granted subject to the conditions hereinafter specified, therefore

IT IS HEREBY ORDERED that permission and authority be and it is hereby granted to Southern Pacific Company to construct a side track at grade across Cattlemen's Lane in the City of Salinas, County of Monterey, State of California, at the location hereinafter particularly described and as shown by the map (Coast Div. Dwg. 20225)

attached to the application.

DESCRIPTION OF CROSSING

Beginning at a point on the southerly line of Cattlemen's Lane; said point being distant westerly 10.00 feet more or less from the intersection of said southerly line of Cattlemen's Lane with the easterly line of the Southern Pacific Railroad Company's right of way; thence in a north-westerly direction across said Cattlemen's Lane a distance of 48.00 feet more or less to a point on the northerly line of said Cattlemen's Lane, said point being distant 10.00 feet more or less westerly from said easterly right of way line

The above crossing shall be identified as Crossing
No. E-119.3.

Said crossing to be constructed subject to the following conditions, namely:

(1) The entire expense of constructing the crossing together with the cost of its maintenance thereafter in good and first-class condition for the safe and convenient use of the public, shall be borne by applicant.

(2) Said crossing shall be constructed equal or superior to type shown as Standard No. 2, in General Order No. 72 of this Commission and shall be constructed without superelevation and of a width to conform to that portion of said road now graded, with the tops of rails flush with the roadway, and with grades of approach not exceeding two (2) per cent; shall be protected by a suitable crossing sign and shall in every way be made safe for the passage thereover of vehicles and other road traffic.

(3) Applicant shall, within thirty (30) days thereafter, notify this Commission, in writing, of the completion of the installation of said crossing.

(4) If said crossing shall not have been installed within one year from the date of this order, the authorization herein granted shall then lapse and become void, unless further time is granted by subsequent order.

(5) The Commission reserves the right to make such further orders relative to the location, construction, operation, maintenance and protection of said crossing as to it may seem right and proper, and to revoke its permission if, in its judgment, the public convenience and necessity demand such action.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 26th day of January, 1927.
