Decision No. 18046.

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the Matter of the Application of  
 W. H. SAMSON for a certificate  
 declaring that Public Convenience and  
 Necessity require the exercise of  
 rights granted by a franchise from  
 The Board of Supervisors of Trinity  
 County and the exercise of franchise  
 rights sought from the Board of  
 Supervisors of Shasta County.

Application No. 7750.

BY THE COMMISSION:

ORDER OF DISMISSAL

In this application filed with this Commission April 14, 1922, W. H. Samson asks the Commission for its order declaring that public convenience and necessity require and will require the exercise of rights granted by a franchise dated March 7, 1922, from the Board of Supervisors of Trinity County and the exercise of franchise rights sought from the Board of Supervisors of Shasta County.

Applicant proposes to construct and operate a hydro-electric system for the sale of electric energy as a public utility in Trinity and Shasta Counties, California, but for one reason or another has, from time to time, requested the Commission to postpone hearing in this matter. It does not appear that applicant has ever secured the franchise sought from the Board of Supervisors of Shasta County nor that applicant has fulfilled the requirements of the franchise dated March 7, 1922, obtained from the Board of Supervisors of Trinity County, and, it does appear, according to its provisions that said franchise of Trinity County has become forfeited.

In view of the foregoing it appears that this application should be dismissed.

Good cause appearing,

IT IS HEREBY ORDERED that the above entitled application, being Application No. 7750, be and the same is hereby dismissed without prejudice.

Dated at San Francisco, California, this 2nd day of March ~~January~~, 1927.
