

Decision No. 18223

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

ORIGINAL

In the matter of the application of
Southern Pacific Company for author-
ity to abandon non-agency station at
Standard, County of Napa, State of
California.

Application No. 13,631.

BY THE COMMISSION:

O R D E R

Southern Pacific Company, a corporation, has filed with the Commission an application for an order authorizing the abandonment of its non-agency station of Standard on its Western Division in Napa County, State of California.

Applicant alleges that no passenger business was transacted at the non-agency station of Standard during the annual period ending December 31, 1926; that no less than carload business was transacted at said station during said annual period and that no carload freight business was transacted at said station during the same period; that the abandonment of said non-agency station will not involve the abandonment of any facilities; and that, in the opinion of applicant, the continued maintenance of the non-agency station is not necessary for the business of the applicant or for the public. The California Farm Bureau Federation has been consulted and advises that they have no objection to the granting of this

application.

It appears to the Commission that this is not a matter in which a public hearing is necessary and that the application should be granted, therefore,

IT IS HEREBY ORDERED that permission and authority be and it is hereby granted to Southern Pacific Company, a corporation, to abandon its non-agency station of Standard located on the Napa Branch of its Western Division in Napa County and to eliminate said non-agency name from its station records.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 13th day of April, 1927.
