Decision No. 18439.

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the Matter of the Application of  
SOUTHERN PACIFIC COMPANY for author-  
ity to abandon non-agency station at  
Armbrust, County of San Joaquin, State  
of California.

Application No. 13,768.

BY THE COMMISSION:

O R D E R

Southern Pacific Company, a corporation, has filed with the Commission an application for an order authorizing the abandonment of its non-agency station of Armbrust, on its Stockton Division in San Joaquin County.

Applicant alleges that no passenger business was transacted at the non-agency station of Armbrust during the annual period ending February 28, 1927; that no less than carload business was transacted at said station during said annual period; that carload freight business in amount of \$215. was transacted at said station during the same period; and that the station of Armbrust is located within the switching limits of the yards of Stockton Station, San Joaquin County; that the abandonment of said non-agency station will not involve the abandonment of any facilities; and that, in the opinion of applicant, the continued maintenance of the non-agency station is not necessary for the business of the applicant or for the public.

The California Farm Bureau Federation has been consulted in the matter and its manager, J. J. Deuel, has advised the petitioner that the said organization has no objections to offer to the granting of this application.

It appears to the Commission that this is not a matter in which a public hearing is necessary and that the application should be granted, therefore,

IT IS HEREBY ORDERED that permission and authority be and it is hereby granted to Southern Pacific Company, a corporation, to abandon its non-agency station of Armbrust, located on its Stockton Division in San Joaquin County and to eliminate said non-agency name from its station records; provided, however, that coincident with the abandonment of said non-agency station applicant will include the present Armbrust Station in the switching limits of Stockton Station.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 12th day of June, 1927.
