

ORIGINALDecision No. 18805.

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the matter of the application of
 PACIFIC ELECTRIC RAILWAY COMPANY for
 authority to remove freight platform
 at New York Avenue, on its Santa Ana
 Line.

Application No. 13971.

BY THE COMMISSION:

ORDER

Pacific Electric Railway Company, a corporation, has filed with the Commission an application for an order authorizing the abandonment and removal of freight platform at New York Avenue, on its Santa Ana Line of the Southern Division in Orange County, and shown in yellow on a blueprint map (marked C.E.H. 10704) attached to and forming a portion of the application.

Applicant alleges that One dollar and sixteen cents (\$1.16) less than carload business was transacted at said station during the annual period ending June 30, 1927 and that, in the opinion of applicant, the continued maintenance of said freight platform is not necessary for the business of the applicant or for the public.

The California Farm Bureau Federation has been consulted in this matter and advises through its Manager, Mr. J. J. Deuel, that it has no objections to offer to the granting of this application.

It appears to the Commission that this is not a matter

in which a public hearing is necessary and that the application should be granted, therefore,

IT IS HEREBY ORDERED that permission and authority be and it is hereby granted to Pacific Electric Railway Company, a corporation, to abandon and remove freight platform located at New York Avenue on the Santa Ana Branch of its Southern Division in Orange County and more definitely shown in yellow color on blueprint map marked C.E.H. 10704 attached to and made a part of the application.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 14th day of September, 1927.
