ORIGINAL

Application No. 14343.

BY THE COMMISSION:

O P I N I O N

This is an application of Mt. Shasta Power Corporation, a corporation, for an order approving a certain agreement, dated December 10, 1927, made and entered into by and between applicant and McCloud River Lumber Company, a corporation. A copy of this agreement, marked Exhibit A, is attached to the application.

The agreement provides for the sale and purchase of energy under applicant's Schedules Nos. I-1 and P-4, for a term of ten (10) years from and after completion of the necessary line extension to render service. A minimum monthly payment commensurate with the estimated cost of the line extension is required during the first five (5) years of the contract period. A special feature of the contract provides a method of estimating energy consumed for lighting purposes without the necessity of double installation or separate metering for such service.

The Commission is of the opinion that the agreement is fair to both parties and that a public hearing in this proceed-

ing is not necessary.
