

Decision No. 13904.

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the matter of the Application of
SOUTHERN PACIFIC COMPANY, for authori-
ty to abandon non-agency station of
Gorge, County of Placer, State of
California.

ORIGINAL

Application No. 14678.

BY THE COMMISSION:

O R D E R

Southern Pacific Company, a corporation, has filed with the Commission an application for an order authorizing the abandonment of its non-agency station of Gorge on its Sacramento Division in Placer County.

Applicant alleges that passenger business to the extent of four dollars was transacted at the non-agency station of Gorge during the annual period ending December 31, 1927; that less than carload business in amount of fifty dollars was transacted at said station during said annual period; that no carload freight business was transacted at said station during the same period; that the abandonment of said non-agency station will not involve the abandonment of any facilities; and that, in the opinion of applicant, the continued maintenance of the non-agency station is not necessary for the business of the applicant or for the public. The California Farm Bureau Federation has signified by letter that it has no objection to the abandonment of said non-agency station.

It appears to the Commission that this is not a matter

in which a public hearing is necessary and that the application should be granted, therefore,

IT IS HEREBY ORDERED that permission and authority be and it is hereby granted to Southern Pacific Company, a corporation, to abandon its non-agency station of Gorge, located on its Sacramento Division in Placer County, to eliminate said non-agency name from its station records, and cancel in conformity with the rules of this Commission all rate tariffs and time schedules to and from said non-agency station.

The authority herein granted shall become effective on the date hereof.

Dated at San Francisco, California, this 20th day of June, 1928.
