Decision No. 20573

BEFORE THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA.

In the matter of the Application of G. W. SUNDBORG for certificate of public convenience and necessity to operate a freight trucking service between Sonora, Twain-Harte; Long Barn, Strawberry and Pine Crest; all in Tuolumne County, California.

Application No. 14785.

Edwin L. Forster, for Applicant, T. M. Wilzinski, for Dardanelle Stage Line, H. A. Butchart, for the Sierra Railway, Interested Party.

BY THE COMMISSION:

OPINION

G. W. Sundborg has petitioned the Railroad Commission, in accordance with his amended application, for an order declaring that public convenience and necessity require the operation by him of an automobile truck-line as a common carrier of freight between Sonora and Pine Crest, serving Twein-Harte, long Barn, Strawberry and other intermediate points.

Applicant proposes to charge rates and to operate on a time schedule in accordance with amended Exhibits "A" and "B" attached to said application, and to use the equipment described in Exhibit "C."

C. F. Whipple, who operates an authorized passenger and express service between Sonora and Pine Crest and intermediate

points, protested the granting of said application in so far as the proposed service covers shipments weighing less than 100 pounds transported from one consignor to one consignee.

A public hearing on this application was conducted before Examiner Satterwhite at Sonora, the matter was submitted and is now ready for decision.

Applicant testified in his own behalf and called several other witnesses in support of his proposed service.

The evidence shows that Pine Crest and Strawoerry are summer resorts, at each of which is operated a hotel, together with cottages, for the accommodation of the general public. Many summer homes and public camping grounds are located adjacent to and along the proposed route of applicant. During recent summer seasons there has been considerable development in this mountain region and many new summer homes have been built and several new camping sites established. The Boy Scouts of Alameda, the Girl Scouts of Modesto and the Yosemite Boy Scouts have also established their public camp grounds in this mountain section adjacent to and along the route proposed to be served by applicant.

Sonora is a buying center for this particular mountain territory and during the summer period the morchants of this community sell and transport a large volume of express matter and freight to these resorts and camping sites.

C. F. Whipple, protestant, has operated for the past five years under the authority of this Commission a passenger and express service between Sonora and Pine Crost and way points and protested at the hearing the duplication of his express service with respect to any shipments weighing less than 100 pounds. The record shows that the protestant ever since March 29, 1923, at which time he placed himself under the regulation and jurisdiction of this Commission, has rendered a satisfactory service and that no complaints of any kind have ever been made against the adequacy of his service.

We have carefully considered all the evidence in this proceeding and we are of the opinion that public convenience and necessity require the proposed service of applicant, with the proviso and limitation, however, that said applicant shall not carry any single package weighing less than 100 pounds from one consignor to one consignee and the application should be granted with the limitation above indicated.

"Operative Rights" do not constitute a class of property which should be capitalized or used as an element of value in determining reasonable rates. Aside from their purely permissive aspect, they extend to the holder a full or partial monopoly of a class of business over a particular route. This monopoly feature may be changed or dostroyed at any time by the state which is not in any respect limited to the number of rights which may be given.

OBDER

A public hearing having been held in the above entitled application, the matter having been submitted and being now ready for decision,

THE RAILROAD COMMISSION OF THE STATE OF CALIFORNIA HEREBY DECLARES that public convenience and necessity require the operation by G. W. Sundborg from June 1st to October 1st, approximately, of an automobile truck-line as a common carrier of freight between Sonora and Pine Crest, and intermediate points via Twain-Harte, Long Barn and Strawberry, provided however, that said applicant shall carry no single package weighing less than 100 pounds from any one consignor to any one consignee to and from any point on his proposed route now served by C. F. Whipple.

IT IS HEREBY OFDERED that a certificate of public convenience and necessity be and the same is hereby granted to said G. W. Sundborg for the operation of the service hereinabove described, subject to the following conditions:

- 1- Applicant shall file his written acceptance of the certificate herein granted within a period of not to exceed ten (10) days from the date hereof.
- 2- Applicant shall file, in duplicate, within a period of not to exceed twenty (20) days from the date hereof, tariff of rates and time schedules, such tariffs of rates and time schedules to be identical with those attached to the application herein, or rates and time schedules satisfactory to the Railroad Commission, and shall commence operation of said service within a period of not to exceed sixty (60) days from the date hereof.
- 3- The rights and privileges herein authorized may not be discontinued, sold, leased, transferred nor assigned unless the written consent of the Railroad Commission to such discontinuance, sale, lease, transfer or assignment has first been secured.

4- No vehicle may be operated by applicant herein unless such vehicle is owned by said applicant or is leased by him under a contract or agreement on a basis satisfactory to the Railroad Commission.

The effective date of this order shall be twenty (20) days from the date hereof.

Dated at San Francisco, California, this _____ day of

Speember, 1928.
